Empowering Women is a one-day journey of unpacking how women tend to adopt a lower than realistic view of themselves through amazing breakthroughs in neuroscience and medicine. A powerful lineup of Presenters, women and men from our community with a heart for changing lives, will take women on a pleasant, non-condemning and most uplifting journey to seeing the true and lasting beauty and strength that is them.

Presenters:

- Professor Don Wood - Experience & Use Neuroscience Breakthroughs
- Mindy Hooper Ph.D. - Identifying & Experiencing Your Strengths
- Leslie Hamilton Ph.D. LMFT - Our Relation with The Next Generation
- Dr. Eldar Baigabatov M.D. - Breakthroughs in the Impacts of Hormones
- Dr. Paul Sorchy D.C. - Balancing Our Emotions & Physical Health Link
- Brady White - Casting off the Grip of Fear, Guilt and Shame
- Alberto & Selena Hoyos - The Art of Verbal & Non-Verbal Communication
- Mark Pester - Advertising & Culture Contribute to Women's Low Self View
